Many Exhibits Are On Display; Record Crowds Are Looked For; Racing Program

Today, tomorrow, Thursday and Friday the twenty-sixth annual Soloto County Fair will be in full progress, and judging from the way the people started pouring into the grounds Tuesday, when exhibits were entered, the fair is sure to be a big success.

The number of exhibits made in the cattle department the opening day were larger than ever. Machinery hall was filled this morning which is something that has not happened for several years. There have always been vacant exhibit places in machinery hall but this year every space is taken.

The refreshment privilege upstairs above machinery hall will be well taken care of by a number of ladies who promise refreshments at all hours.

The art exhibit is also unusually large this year. Entries were made Saturday and Monday at Mitting Pros. store and this morning these displays were put in place.

There will also be a fine exhibit of farm products, canned fruits, jellies, candy, etc.

The members of the Boy's and Girl's Club were bustling Tuesday morning to get their calves to the fair grounds and placed so they would make the best showing.

The Fair Association has set aside \$500 to be paid members of the Club in prizes. Another feature for the boys this year will be a stock judging contest.

The races will be fast and exciting for the horses are well fitted with pacers and trotters. Races will be held Wednesday, Thursday and Friday. Closes to \$2500 will be given in purses the three days.

Among the free attractions will be the Warwicks' tumblers extraordinary. They will give several programs each day.

Bert Kennedy and his trained pig will furnish amusement a plenty as a free attraction.

The airplane that will carry passengers and give exhibit flights over the fair grounds, arrived this afternoon from Kokomo, Ind. The plane will be there until Friday afternoon the closing day of the fair.

A special train is to be run to the fair grounds Thursday afternoon which will be Portsmouth Day at the fair. The train will leave the local N. and W. station at 1 o'clock and will go to the fair grounds, the train to leave there at six o'clock. The regular trains will stop at the fair grounds going and coming.

The Soloto Trail is paved in the fair grounds gates. Automobiles are

STRENGTH

"Red blood, rich in iron is a never failing source of strength and endurance" says Dr. James Francis Sullivan, formerly physician at Bellevue Hospital (Out-door Dept.) New York, and the Westchester County Hospital. "Many a man is losing the strength, health and enthusiasm of earlier years simply because there is not sufficient iron in his blood to send it, pure and red, flowing through his body, rebuilding wasted tissue and renewing energy and force."

"It is the man who keeps his blood filled with organic iron—like Nuxated Iron—who is building within himself the strength that comes in an emergency; a strength that endures; a strength that masters obstacles and clears the way to success."

Nuxated Iron is prescribed and recommended by physicians and is now being used by over 4,000,000 people annually to build red blood, strength and endurance.

Rheumatism Can Be Treated At Home

No change of climate necessary in treating rheumatism with Mrs. Summers' popular home method, Chronicure. Sufferers from rheumatism, lameness and neuralgia pains report speedy relief from these tortures after trying Chronicure, which aids nature in cleansing and toning up the system. Ask your druggist, or send for FREE TRIAL of Mrs. Summers' Chronicure, with useful information, by addressing The Summers Medical Co., Box B, South Bend, Ind.

More than 5,000 persons stood in front of the Elk's home in Ashland last night to witness the welcome of the city of Ashland to Kentucky Elks, who opened a two-day session there. Approximately 900 delegates were present.

Response to an address of welcome by the city officials was made by J. Newkirk, state officer of the lodge, and speaker of the Kentucky house of representatives.

Edwin P. Morrow, governor of the state of Kentucky, who was to have made the address of the occasion, was unable to attend.

Head Strikes Nail; Skull Injured

Jack Fisher, 8-year-old son of Mr. and Mrs. Joseph Fisher, 1412 Kinney street, suffered a deep gash in his skull. Monday afternoon, when he accidentally ran a

nail in his head. The boy was playing with a number of companions in a big drydock box. He was stooping down to go through the opening of the box, and suddenly jumped

to stand upright. His head struck a nail that was extending from the top of the box. A gash an inch long resulted from the contact with the nail.

Gun Toting Charge Sequel Of Fight

James Winn, Cornington, Ky., swore to a warrant in Municipal court Monday for the arrest of Oscar Monrad, foreman at the Prichard garage, on a charge of gun-toting.

The complaint is a sequel to a fight staged at the garage Saturday last

between Winn and his companion, James Burns, and John Pinkerton and Elias Robinson, colored employees of the place.

When claims that as he was leaving the garage Monrad, armed with a gun, followed him into the street and

threatened to shoot him.

Monrad has been ordered to appear in court to answer to the charge.

The trial of Winn, who is charged with assault and battery, and Pinkerton, charged with disorderly conduct, will be heard together by Judge Small.

Gasoline Thieves Busy In Jackson

JACKSON, Aug. 10.—Many complaints have been received this week by Chief of Police Jacobs from Jackson people that gasoline has been stolen from their cars. From these reports it is clear that there is evidence

by a gang working in Jackson on the gasoline proposition alone.

One of the most serious of these robberies occurred several days ago when it was discovered that some one had tapped the Fire Truck tank and

relieved it of its gasoline. In connection with this it was discovered that a brass connecting joint off a 50 foot hose has been cut off, seemingly with a razor blade, leaving the hose, valued at about \$150 per foot, useless.

Couple Must Explain Gun Play To Court

John "Deacon" Jones and his wife, Hattie Jones, both colored, sixteenth and Kinney streets, must appear in Municipal court and make explanations to Judge Small in connection

with some trouble at their home Sunday during which, it is alleged, the woman fired a shot at her hubby.

While admitting to the police, it is claimed, that she secured a revolver

when her husband threatened to assault her, Mrs. Jones denies she shot at him and contends that the weapon was accidentally discharged while they were engaged in a tussle over its possession.

X-Ray Reflectors

Mira has been found an excellent material for concentrating mirrors for X-rays. Glass will not do, because, smooth as it is, it is too rough for the extremely minute X-rays, which are much smaller than light waves. Glass diffuses the X-rays, much as a rough surface diffuses light waves, but it was found that the surface of mineral crystals were of the requisite smoothness for reflecting X-rays, and of them mica is the most adaptable, being readily split into sheets.

SOCIETY

A delightful evening party was given Monday evening by Misses Louise and Anna Glocker, of Second street, honoring their guest, Miss Alma Russell, of Detroit. Miss Martha Miller of Wheeling and Miss Mary Switalski of Cincinnati.

Dancing, music and games made a merry evening for the young group, at the conclusion of which cooling refreshments were served by the hostesses, assisted by Mrs. Edward Glocker and Miss Helen Glocker. The guests included Misses Mary Trussell, Emma Gengenheuer, Margaret Pye, Jane Snyder, Regina Reltz, Louise Schofield, Clara Yetter, Mildred Schrock, Nellie Meisel, Messrs. This same group enjoyed a picnic at Turkey Creek, Sunday.

On Monday, at 11:30, Miss Margaret Hilton of Rosnoke became the bride of Mr. Edward Howell, the ceremony taking place at the home of the groom's sister and brother-in-law, Mr. and Mrs. M. L. The rooms were decorated, simply, for the happy event, with summer flowers. The witnesses were the members of the immediate families, including the groom's mother, Mrs. A. M. Howell and niece, Missa Chelley and Opal Howell, all of Rosnoke.

The bride wore a pretty bridal dress of white satin.

At a table decorated appropriately for the event, a wedding dinner was served to the wedding guests and bride and groom.

Mr. and Mrs. Howell will leave Wednesday for Canton, where the groom is employed as a steamfitter and where they will make their future home.

her marriage. The groom is a son of A. M. Howell of Rosnoke, his former home, and is now employed at Canton.

Greatness.

No one ever went seeking after greatness and found it; it is essentially a by-product. Fame of a certain sort may be acquired by direct effort, wealth can be won by those who place its possession first, and nobility is not hard to compass; but real greatness comes to those who are not busy seeking it.

To Have Good Friends.

The way to have good friends is to be one. The formula for gaining love and service is to forget all about yourself, and love and serve others. The girl who is the central figure of her thought and planning is likely to be poor in friends because she understands so little of the meaning of friendship.—Pennsylvania Grit.

Real Riches.

Do you know what real riches are? Some people never know, but others do. Real riches consist not in having, but in giving. Some of the people who are called as wealthy, are in reality poor starved souls to whom the joy of sacrifice is an unknown luxury. Not until you master the art of giving up for others are you really rich.—Exchange.

The mint value of gold does not vary, but remains constant at \$20.67153462 per troy ounce, or \$19,841.61 arotrudupole. Being a calculation upon this value, a ton of gold would be equivalent to \$602,928.

Record for Divers.

In salvaging the United States submarine F-4, which was sunk off Honolulu in March, 1915, divers went down to a depth of about 300 feet and adjusted chains and cables and directed operations of men at the surface. This is said to have broken all diving records.

Inhumanity and Waste.

The annual loss of life among food animals in transit to Chicago alone is reported to be as follows: Cattle, 2,706; calves, 2,103; swine, 9,300; sheep, 3,120. That the greater part of this loss is due, more than to anything else, to the cruel and inconsiderate treatment of these poor creatures in loading and unloading and on the journey no one will question who knows anything about the evils connected with the transportation of animals.

A chemical analysis cannot show the amount of available plantfood in a soil. A chemist could, without difficulty, make an artificial soil containing every element of plantfood in abundance, and yet be perfectly sterile. First, for example, is usually very rich in nitrogen, but it is locked up or unavailable. To pulverize it and mix it with lime is to change it into a highly nutritious soil.

BRITISH LABOR WARNS AGAINST WAR FOR POLAND

LONDON, August 10.—War between the allied powers and soviet Russia over Poland would be "an intolerable crime against humanity," and British labor has warned the British government that organized labor will be used to defeat such a war. This decision was reported today at a meeting of the most prominent of the leaders of British labor, who later issued the following statement:

"This conference feels certain that war is being entered between the allied

NEW BOSTON HAPPENINGS

The next meeting of council to be held Monday night, will probably see the necessary legislation passed for the purchase of a new motor fire truck and a motorcycle for the police department. Various automobile dealers were here this week displaying their machines, and councilmen have been waiting for the next meeting of council to take final action looking toward the purchases. Mayor J. S. Davis said today, "We've got enough good Republicans along with the Democrat councilmen to go ahead now and do business, and we expect to get a new truck and motorcycle. It goes without mention that the coffers of the village will be quickly filled, when the motorcycle policeman gets back on the job, and the motorcycle will be more than paid for in a short time."

COURT HOUSE

Seek Possession of Piano
Suit was brought in Common Pleas court Tuesday by The Werner Industries company, Cincinnati, through Attorney P. C. Booth, Ironton, against Mary Brundell, formerly of Franklin Furnace, and now residing at 1020 Young street, Middletown, seeking foreclosure of chattel mortgage by reason of alleged nonpayment of deferred payments on a player piano sold to the defendant in 1919.

Team To Play In Lucasville

The Franklin Furnace baseball nine was defeated by the Fargo, Ky., team Sunday by the score of 6 to 5. Each team played the ball, Patten pitching splendid ball for Franklin Furnace, but he could not win as his team-mates

failed to make hits when hits meant victory.

There was improvement in the potato crop and indications are that the crop will exceed 400,000,000 bushels for the fourth time in the country's history.

The tobacco crop, which has been promising from the start, has shown additional improvement and probabilities are that it will exceed the second crop produced in 1918, by about 200,000,000 pounds. Total production is forecast at 1,344,000,000 pounds.

3 BILLION BUSHELS CORN CROP FORECAST

WASHINGTON, Aug. 10.—A three billion-bushel corn crop for the third time in the history of the country was forecast today by the department of agriculture on the basis of conditions existing August 1.

Inasmuch as August is the critical month for the crop in the great corn belt of the Middle West, it is uncertain whether the promise of a crop almost equal to the enormous ones of 1912 and 1917 will be fulfilled. Improvement was reported during July in the important corn states with the exception of Illinois, and as a result a crop forecast of 2,440,000,000 bushels larger than that predicted July 1 was issued.

Spring wheat was adversely affected during July, principally by rust, and the production forecast of the crop was reduced 20,000,000 bushels from a month ago, or to a total of 202,000,000 bushels. The preliminary estimate of winter wheat production was 150,000,000 bushels larger than forecast in July, making the combined crop of winter and spring wheat only 34,000,000 bushels smaller than estimated a month ago. The total of 236,000,000 bushels was predicted in

To anyone proving that we do not live up to our guarantee.

Read this and save money. We guarantee our paint to weigh as much per gallon as any paint made, and a gallon of our paint will go further than any paint, and to be 10 per cent purer, use a small portion, and if you are dissatisfied return the balance, and we will refund what you paid including freight charges.

Outside House Paint, 1000
Gallons, \$2.25 Per Gallon

Colors include outside white, cream, gray, brown, yellow, green and blue. Some colors require extra work with roller. O. R. Cleveland, O. Substrate to color sale. Shipment made the same day we get your order, at these low prices, you had better place your order at once, as we will raise the price when we sell the amount advertised.

Why Pay More?

If you pay a dealer \$1.50 a gal. the dealer makes 25 per cent and it costs the manufacturer 50 per cent to do business, making 75 per cent or 42.50 for profits and overhead. The balance is cost of production. By our method we eliminate the different sources of profit, by selling direct factory to you, and to convince you we have a real paint we will sell 100 gal. at the above figure, at our paint on your house to our best advantage.

EXPRESS EMPLOYEES GET RAISE CUT WARSAW-DANZIG RAILROAD OHIO HOLDING PRIMARY

80,000 MEN GRANTED AN INCREASE IN WAGES

CHICAGO, Aug. 10.—The United States railway board today handed down a decision increasing wages of the American Railway Express company \$20,000,000 yearly.

Eighty thousand men not provided for by the recent \$200,000,000 railway wage award, are affected.

The award is retroactive to May 1, 1920. The wage increase, amounting to 16 cents an hour, will give messengers and other train service employees an increase of \$38.40 a month. All other employees will receive an increase of \$12.51. Train service employees work on a 340-hour month basis while other employees work on a 201-hour basis.

OPENING STOCKS

NEW YORK, Aug. 10.—Early dealing on the stock exchange today showed a degree of hesitancy and caution arising from recent developments. Liquidation of special stocks was offset by a swift uprush in others, notably Crucible and Mexican Petroleum, which advanced four points. Sufficient buying power developed to carry many of the representative shares to higher levels with the gain reaching 1 to 1 1/2 in Baldwin, Pan-American, Chandler Motors, Central Leather and Retail Stores. Standard Oil broke 5 3/4; Maxwell Motors 2; and Southern Pacific, Goodyear and Lackawanna steel 1 point.

MANNIX TAKEN TO LONDON BY OFFICIALS

LONDON, Aug. 10.—Archbishop Daniel J. Mannix, of Australia, who was landed yesterday at Penzance by a British destroyer which had taken him from on board the White Star liner Baltic, off the Irish coast, arrived here at six o'clock this morning. There were only a few reporters and a handful of police to greet the archbishop, but a heavy police guard was maintained about the station. There were no noteworthy incidents.

Four British destroyers closed in upon the steamer Baltic, carrying Archbishop Mannix, of Australia, from the United States, off the Irish coast in the early hours of yesterday morning, and the commander of the destroyer Wivern, with two Scotland Yard detectives, went aboard and placed the archbishop under technical arrest.

They escorted the prelate, with his secretary, the Reverend Albert Vaughan, to a destroyer.

The archbishop was landed at Penzance at the extreme tip of England accompanied by a representative of Scotland Yard in the home of Canon Wain and afterward took the night train for London.

London newspapers of all complexions excepting only the Morning Post, are unanimous in describing the affair as a "blunder." All the principal papers take the same view.

DUBLIN, Aug. 10.—The whole south of Ireland is engaged at the treatment of the British government according to Archbishop Daniel J. Mannix, of Australia, today, but the Sinn Féin leaders are quite unable to disguise their astonishment at what they deem a reckless and unprovoked blunder that will strengthen the Sinn Féin movement.

"Every liberty of the Irish has been trampled underfoot during the

3 BILLION BUSHELS CORN CROP FORECAST

WASHINGTON, Aug. 10.—A three billion-bushel corn crop for the third time in the history of the country was forecast today by the department of agriculture on the basis of conditions existing August 1.

Inasmuch as August is the critical month for the crop in the great corn belt of the Middle West, it is uncertain whether the promise of a crop almost equal to the enormous ones of 1912 and 1917 will be fulfilled. Improvement was reported during July in the important corn states with the exception of Illinois, and as a result a crop forecast of 2,400,000 bushels, larger than that predicted July 1 was issued.

Spring wheat was adversely affected during July, principally by rust, and the production forecast of the crop was reduced 20,000,000 bushels from a month ago, or to a total of 202,000,000 bushels. The preliminary estimate of winter wheat production was 15,000,000 bushels larger than forecast in July, making the combined crop of winter and spring wheat only 34,000,000 bushels smaller than estimated a month ago. The total of 206,000,000 bushels was predicted in today's report.

There was improvement in the potato crop and indications are that the crop will exceed 400,000,000 bushels for the fourth time in the country's history.

The tobacco crop, which has been

ALLIES WAIT ON RESULTS OF POLISH RED PARLEY

PARIS, Aug. 10.—The Russians have captured the town of Ciechanow, thus cutting the Warsaw-Danzig railway, according to reports from the French military mission to Warsaw received by the foreign office today.

LONDON, Aug. 10.—Premier Lloyd George convened the cabinet at a meeting held last night of the wisdom of not intervening in Poland, until the result of the Minsk armistice-peace conference between the Poles and the Russians is known.

PARIS, Aug. 10.—The military decisions reached at the Hythe conference between Premier Lloyd George and Millerand and their advisers were as follows, according to the French foreign office:

FIRST.—That it was impracticable and unnecessary to send allied troops to Poland.

SECOND.—The integrity of Poland's western frontier was guaranteed, (this palpably means that any effort by Germany to use the present crisis in an attempt to regain any of the territory ceded to Poland under the treaty of Versailles would be decisively repulsed by the allies).

THIRD.—The blockade measures against Russia might possibly be taken later. French opinion questioning the effectiveness of such action, however.

Will Refuse To Haul Troops

PARIS, Aug. 10.—Halted men throughout France will strike if called upon to transport troops to Poland, according to resolutions adopted at a meeting here tonight. M. Bligny, general secretary of the Federation of Railwaymen, who was recently reinstated in that position after being dismissed at the time of his defeat at the hands of the extremists of the organization, was present at the meeting, and announced the passage of the resolutions.

Premising from the start, has shown additional improvement and probability are that it will exceed the second crop produced in 1918, by about 200,000,000 pounds. Total production is forecast at 1,544,000,000 pounds.

BRITISH LABOR WARNS AGAINST WAR FOR POLAND

LONDON, August 10.—War between the allied powers and soviet Russia over Poland would be "an intolerable crime against humanity," and British labor has warned the British government that organized labor will be used to defeat such a war. This decision was reported today at a meeting of the most prominent of the leaders of British labor, who later issued the following statement:

"This conference feels certain that war is being entered between the allied powers and soviet Russia on the issue of Poland, and declares that such a war would be an intolerable crime against humanity.

"It therefore warns the government that the whole industrial power of the organized workers will be used to defeat this war."

Famous Actor Dies At 70

NEW OXFORD, Conn., Aug. 10.—James O'Neill, the actor, died at the Lawrence Memorial Associated hospital today. He had been ill for two months at the hospital suffering from an internal disorder. His wife and sons were at the bedside. He was 70 years old.

SUFFRAGE UP BEFORE LEGISLATURE THIS WEEK

NASHVILLE, Tenn., Aug. 10.—Introduction today in both houses of the Tennessee legislature of resolutions providing for ratification of the federal woman suffrage amendment was forecast by party leaders who predicted that the measure would be referred to the judiciary committee. Hearings, it was expected, will be conducted by the committee in both houses. A vote in either house, leaders declared, was unlikely before the latter part of the week and probably not then.

RALEIGH, N. C., Aug. 10.—All through the North Carolina legislature convenes today in special session to consider taxation reforms and ratification of the federal woman suffrage amendment. Leaders in both houses predicted that the suffrage question would not come up before Thursday.

Governor Bickett's message to the legislature today was devoted entirely to taxation. In other messages he reported a slight majority in the house opposed to ratification and a majority of the senate in favor of the amendment.

Preliminary polls indicate a close fight, according to anti-suffragists who reported a slight majority in the house opposed to ratification and a majority of the senate in favor of the amendment.

RAIN MARKS OPENING OF POLLS IN STATE

COLUMBUS, O., August 10.—On the home of presidential candidates today voters to select candidates to complete the tickets headed by Governor Cox and Senator Harding.

Both the Republican and Democratic parties are balloting in primary towns to select candidates for governor, United States senator, members of congress, other state offices, including chief justice of the state supreme court and three associate justices, county offices.

While there are contests in local parties for most of the nominations the principal battle has been in the Republican ranks for the gubernatorial and senatorial nominations. For the former, there are four candidates: Mayor Harry L. Davis, Cleveland; former Congressman Robert D. Cole, of Findlay; Congressman George C. McCulloch, of Canton; and David Wesley Wood, of Sandusky.

Plenty Of Candidates
For United States senator there are five candidates. The three most prominent candidates are former Governor Frank B. Willis; Walter F. Brown, Toledo; former Progressive party leader, and Supreme Court Justice M. W. Wadsworth, of Akron.

The other two candidates, Macy W. Catt, of Columbus, and J. P. Walker, Akron, have not been active in the campaign. Mr. Willis nominated Senator Harding at the Chicago convention and Mr. Brown was one of the senatorial chief floor leaders.

State Auditor A. V. Donahy, New Philadelphia, is unopposed for Democratic nomination for governor but for the Democratic senatorial nomination there are two candidates, W. Julian, of Cincinnati, and Judge A. O'Neil, of Akron. O'Neil is a war veteran. Julian is extensively connected with Cincinnati business interests.

All of the present Republican congressmen, excepting McCulloch, of Canton, who is a candidate for governor, are seeking re-nomination. Only two have opposition. They are J. Cooper in the Youngstown district, and Henry I. Emerson in the twenty-second (Cleveland) district. Emerson is pored by former United States Senator Theodore E. Burton, whose re-election is expected.

BIG GAME TONIGHT

The big game in the Manufacturers' League will be staged tonight on Millbrook Park diamond between the Excelsior Company and the Lee Company's aggregation.

The pennant in the Manufacturers' League depends on this game tonight as both sides have won seven games and lost four games.

The game will be called at six o'clock, sharp, with both teams fighting to go. The winner of tonight's game will play the Portsmouth Hot Company pennant winners in the Wholesalers' League.

"Billy" Miske Is Getting In Shape

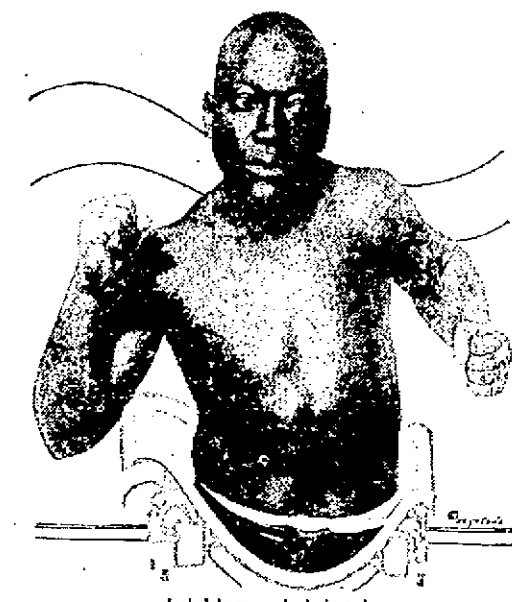

ST. PAUL, MINN., Aug. 10.—Billy Miske, the St. Paul heavy-weight boxer, is reported rapidly rounding out his condition for his ten-round fight with Jack Dempsey at Hartford, Conn., on Labor Day.

Miske will be the third time Miske has fought with the champion, but the two previous meetings were in the latter's championship days. In a contest at St. Paul, Miske got the newspaper credit, while a later meeting in Philadelphia resulted in a popular decision for Miske.

Miske kept Miske out of the game more than a year, but now he declares himself fully recovered and ready for a "comeback." Recently he knocked out Jack Moran in short order, and lighted Miske's career as good as over.

Miske is a legitimate heavy-weight, weighing close to 160 pounds, which is more than he weighed when illness forced his temporary retirement.

JACK STILL IN GOOD FIGHTING TRIM; WANTS TO WIN BACK THE HEAVY CROWN

Jack Johnson as he looks today.

Despite his age and the loose life he has lived since his defeat by Willard five years ago, Jack Johnson is still in good physical trim and wants to fight Dempsey for the heavyweight crown. The fight may be delayed, however, as it seems unlikely that Jack's efforts to escape serving a year in prison for violating the Mann white slave act will be successful.

Four More In Beantown

Eddie Roush was certainly hitting! The Moran men certainly played the old apple yesterday. In nine times they cracked out six hits and most of them came with runners in scoring position.

Big Show For Cincinnati

CINCINNATI, Aug. 10.—Cincinnati men of known championship caliber biggest boxing show will be held at the local park Monday night, August 16, and will be staged by the Robert E. Bailey Post, American Legion, which has a membership of 2,000. The program will consist of three ten-round boxing matches to follow.

Doing One's Best Work.

To do one's best work and be one's best self involves the quiet but frequent acceptance of such jobs as have been put into one's hands and with which one is the least one. To be happy and useful and to contribute to the joy of life one must take up the work at hand and do it as best he may, without envy, jealousy, or strife.

Beat Beans Twice In Same Place On Wash Day

Oh, boy, these Reds are on their way again. They rose up and smote the Beans twice in the same place Monday.

The first game was 10 to 5 and the second 8 to 2. The Moran men played rings around their opponents and belted like a bunch of Babe Ruths. The team is evidently bent on returning home in first place. The scores:

THREE BILLIONS OF POCKET MONEY

(From The Cincinnati Enquirer)

THE Acting Governor of the Federal Reserve Bank in Philadelphia, William H. Hutt, gives it as his opinion that three billions of dollars are carried in the pockets of the people, or he hidden in all kinds of concealed places or are locked up in strong boxes.

It is surprising that education should be so backward as this statement indicates, for keeping money out of banks betokens gross ignorance, and is in more than one respect an offense against public safety and welfare. Such immense sums carried in pockets or kept in the house breed highwaymen and robbers. Another great injury consists in keeping money out of the channels of commercial and industrial enterprise, thereby lessening the opportunity of employment and earning wages.

If the three billions were in the vaults of the banks there would be no trouble in supplying the shortage of houses that cannot be built because of lack of money. Many factories would not be working half time or be completely idle. Vast extents of farm land, which cannot be taken under cultivation, would be available for the production of food.

In view of the great aim that would result from coaxing these tremendous sums out of their hiding places educational agencies should be set in operation to teach the people the uses and advantage of banking institutions and the necessity of depositing with them every dollar not required for immediate payments. Equally valuable would be instruction in how to check accounts, control expenses, foster economy and obviate disputes about payments. A check is better than a receipt, for the reason that a receipt is not absolute proof of payment, but a check is unassailable.

The statement of Governor Hutt is an urgent exhortation to school heads to make instructions in taking care of money one of the most important subjects of teaching.

THE DAYS THAT ARE GONE

THIS Tuesday is election day. Nothing could more distinctly mark the passing of the old order.

It could not be said that, yesterday, the country took the nomination of candidates seriously, rather that it took the matter furiously. Then men rallied behind some candidate or set of candidates and they made the nomination thereof the most consuming business of the time. The allies and the bushes were harried and beaten to bring out followers, and the places of caucuses and convention were crowded with eager and excited and often bitter and warring partisans.

It is that way no longer. Today captains, lieutenants and workers at the polls were marked chiefly by their absence and there were no eager throngs either arguing or pulling for their favorites. The polling places were about as quiet as a grave yard and on the streets nobody thought to stop and inquire with the acclamation: "How is it going?" because nobody seemed to care how it goes.

The primary may or may not be responsible for this change. It is all right in theory, but when it comes down to the test the people didn't take naming the place hunters as a particularly solemn and hallowed duty. They do a bit of kicking after it is over, as a rule, vote for the nominees of the minority with like irresponsibility.

That is unfortunate, it is even more dangerous to the welfare of the republic. The more thoughtful may lament, the candidates may even angrily assert, as one is doing at Columbus, that this spate ought to be broken up, even if the process involved the laying of a fine of \$200 upon every recalcitrant voter. The people neither heed nor heed.

Jim Cox started 'em to talking back all in a bunch and that's enough to show there was some real stuff in his speech of acceptance.

The rain of Saturday and the first of the week was the most timely and needful thing Scioto county has experienced in a long period.

Of a certitude the Republican press is not pleased with Cox's acceptance speech. Mortals are never pleased when they unalterably make up their minds before hand to be displeased.

While you are about it just fix it so you can attend the Lucasville Fair at least one day, you town people. The mission of the day is to bring country and town closer together.

The DIARY OF AN ENGAGED GIRL

LINDRAY HAS A BUSY DAY SAYING GOOD-BYES

Thursday—Have been saying fare-well to my friends today, and am dead tired. Mother has just left me, and Jack just before that. Jack, in fact, was with me most of the day and whirled me from one place to the other devotedly. He can't bear me out of his sight, it seems, and is so comfortable that I, too, am beginning to feel most downhearted about leaving him.

Well, it was too funny, when we finally got to Dorry's, we found her in the arms of her Arthur, and she was not in the least bit ashamed of it either. Explained very simply to me, after the introduction, that they had decided that Dorry should conquer all beliefs and objections, and that Arthur was not going away off to India to escape by himself—not if she could help it. The world must be coming to an end or something; certainly my friends are changing on all sides. But I was so pleased, you're no idea, for after all I had two hands in that happy ending, and I feel that I have done a noble deed. Dorry got me off in one corner by herself and threw her arms around me impulsively, as she thanked me over and over again for what I had done for her. I felt quite embarrassed, and then she told me that she was sick and tired of independence, as far as being alone was concerned, so I was not to worry about her and her ideas and principles any more. They had turned

tomers since my last visit; she was a new woman. By the way, her engagement ring is a beauty—diamonds and pearls, and so exquisitely set. The whole of my little world is transformed now, and everyone is happy.

All sorts of people dropped in while we were at Dorry's and every one talked at once—really you'd think that I was about to set forth on a trip round the world, judging from the adieu and watery eyes that were on hand from three to seven! But then it does make one feel good to know that one will be missed.

Do you know that Jack was even nicer as possible to Dorry when he finally showed up, very red-faced after a swimming bout, and very eager to see me. Yes, those two actually had a talk together, and laughed over some jokes that they swapped. Jack seems bent on doing everything in his power to make my last hours with him perfect.

Of course we blew in to see Jean, and found her alone, but very busy preparing some fearful and wonderful dishes for her hubby's dinner, and the sight almost overcame me. Art returned to the kitchen store! And happy in spite of it. Harvey is the most wonderful man in the world, from all accounts, and just lives for his Jeanie. Talk about turtle doves! We had to be shown around and introduced to the new divan, and the very latest thing in tea tables. Yes, I blush to say that my Jean has descended to that, and it's a perfect gem in gray and blue, painted by Harvey himself. It fits me one long to be married and settled, somehow, and I feel quite out of it all, after I had been there for a little while.

Jean confessed that there was not an over supply of money at the present moment, but after all that was a minor matter as compared to love, and a home of their very own.

She has just had an order for a portrait and that will net her several hundred dollars in the near future, and she is that optimistic that there are people waiting for more portraits to be painted of themselves on every bush it would seem, and little Jean is to do them all. I declare with that amount of hope and faith one can do about anything, I'll say.

After doing the rounds, not forgetting Ted Sloan and his wife, who seemed particularly glad to see us, we arrived at my house just in time for the family dinner, which was a real one, followed by a visit from Laura, who came in just as we were drinking coffee.

Her lord and master is away on business for the night, and the happy bride just had to come and see someone to whom she could sing his praises without fear of interruption: hence the visit!

Mother was awfully sweet to Laura, and gave her such a pretty amethyst necklace for a wedding present—"a delayed one," as she explained, and which pleased old Laura very much. I could see that that girl was fully bubbling over with her new joy, and after a while we managed to slip off and up to my room for a heart to heart talk, which did us both good. She went home early, for, as she explained, Jack and I must have our last evenings alone together. Dear little Laura!

WILLIAM M. CALDER

William M. Calder, the Junior United States Senator from New York, is a native of Brooklyn, where he was born on March 3, 1863. He was educated at the Cooper Institute, and then followed in the footsteps of his father. He constructed 3,000 houses in Brooklyn and served as building commissioner there in 1902-3. He was elected to the fifty-ninth congress in 1905 and served as a representative of the sixth New York district until the close of the sixty-third congress in 1914. In 1910 he was elected to the senate, receiving 829,314 votes to 695,833 for William F. McComb, Democrat.

SEN. CALDER

His term will expire in March, 1923.

Even in long Republican years Mr. Calder always has received a generous vote. The last four years he was in the house he was the only Republican representative from Greater New York. In the 1912 election he was the only Republican elected to any office in the southern part of the state. Mr. Calder retired from the senate at the end of the sixty-third congress to enter the Republican senatorial primary, running against his present associate, James W. Wadsworth, Jr. He made a remarkable run, carrying Greater New York by a plurality of more than 25,000, but lost the nomination that year through the heavy vote cast for Mr. Wadsworth in the western part of the state and in Albany county. Senator Calder is a director of the Lawrence Title and Trust Company and of the Realty Associates of New York City. He is a member of various commercial association and athletic clubs.

Sculpture of Poe. Olin Morkman, American-Scandinavian sculptor, has created an impressionistic sculpture of Edgar Allan Poe, with the raven hovering over the head of the great American poet. It is considered one of the most remarkable conceptions of the subject—Ansonaut.

BILLY WHISKER

BY FRANCES TREGO MONTGOMERY

Billy did not see the waiter running immediately, for when Billy pulled the strap in two, the jerk of it sent him head over heels and by the time he had scrambled to his feet again the waiter was half way to the back door of the inn. The fat cook, who was looking out of the door of the summer kitchen, saw Billy start for the waiter and he started for the goat, but he got there too late, for the goat caught up with the waiter in about three leaps and with a loud "baah!" sent him sprawling. The big tray of dishes came down with a crash and a clatter, and meat, vegetables, gravies and relishes, together with broken dishes, were scattered all over the fellow who had kicked Billy, splattered the clean scrubbed bricks, splattered up against the walls and into the long rows of granulars that grew in a wooden trough at the end of the house.

Billy turned and was about to go back when he saw the fat cook coming just behind him, so he ran right on across the little waiter, through the mess and to the back door. Crossing the winter kitchen he found a big, rosy-checked girl standing in his way and made a dive at her. With a scream she jumped and Billy's horns caught her bright, red-checked apron, which jerked loose. With this streaming along his back, he dashed on into a long hall, and there at the far door who did he see, just starting into the dining room, but his old enemy, fat Hans Zug, who had that morning whipped Billy's mother and himself. Billy stood up on his hind feet for a second and shook his head at Hans, and then he started for him. Hans saw him coming.

"Thunder weather!" he cried, and ran on through the door. He tried to shut the door behind him, but he was not in time, for Billy pulled against it and threw it open right out of Hans Zug's hand. The long room into which Hans had hurried was the dining room, and here were seated, around a long table, a number of ladies and gentlemen, among them Mr. and Mrs. Brown and their son, Frank, waiting for the dinner that now lay scattered around the courtyard. Everybody looked up, startled, when Hans came bursting through the door, closely followed by an angry goat with a red-checked apron streaming from his horns. A great many of the men jumped up and scraped their chairs back, pulling to the confusion, and a great many of the ladies screamed. Thus, not knowing what to do, started to run around and around the table with Billy close behind him and the fat cook close after Billy. Billy would easily have caught Hans except that every once in a while Hans would upset a chair in the goat's rear and Billy would have to jump over the chair. Sometimes the fat cook would almost catch Billy and finally did succeed in catching him. When it came loose in his hand he did not know what to do with it. He started to throw it down, he started to stuff it in his pocket, he started to slap his perspiring face with it, and at last he threw it around his neck and the strings in front to get rid of it, then once more he chased after Billy, with the red apron flapping out behind him.

Wellston Has New Paper

The first number of the Wellston Independent, published by G. W. Potts, former lessee and publisher of the Hamden Enterprise, appeared in the mails this week. The paper will be published weekly and will be independent in politics, it states.

Carnegie on Wealth. I was born in poverty and would not exchange its sacred incognito with the richest millionaire's son who ever breathed. What does he know about mother or father? These are mere names to him. Give me the life of the boy whose mother is nurse, seamstress, washerwoman, cook, teacher, angel and saint all in one, and whose father is guide, exemplar and friend. No servants to come in between. These are the boys who are born to the best fortune. Some men think that poverty is a dreadful burden, and that wealth leads to happiness. What do they know about it? They know only one side; they imagine the other. I have lived both, and I know there is very little in wealth that can add to human happiness beyond the small comforts of life. Millionaires who laugh are very rare. My experience is that wealth is apt to take the smiles away.—Andrew Carnegie.

The Way of a Man. If a man's car is on time every day for a month he accepts the service with a grunt. If it is late ten minutes one day he shows a complexion fit of dissatisfaction and wants to overturn something that is right side up.—Toledo Blade.

Childish Vocabulary. The number of words used by children two years old varies from a very few words for the backward child up to 1,000 words for more precocious children. The average number is put at between 200 and 400.

Always Maddest a Man. "Bangs arrived at the club with an awful groan on. Wonder what's the trouble." "Well, he went home this evening prepared to read his wife about some thing and found that she had company."—Boston Transcript.

Get Caught With The Goods. You may know the pinch of famine. You may know the clutch of debt. There maybe but little lamb in any of these may try to stop you. Any trick to lay you low. But they cannot really stop you. If you've got the goods to show. They may knock you down and trample on the wares you have to sell. They may hand you out a sample of a little bit of it.—

They may turn on you and blunder. "Back you, mister, in the woods! But they cannot keep you under. If you're really got the goods. True, it's hard for you to suffer. What you know you don't deserve. But it rather makes you tougher. And it stiffens up your nerve. Let 'em slam and damn, and beat you. Beat it all as best you can. But the world can't do without you. If you've got the goods, Old Man."—Westcott Tick-Talk.

Big And Better Than Ever Lucasville Fair Opens Today

Many Exhibits Are On Display; Record Crowds Are Looked For; Racing Program

Today, tomorrow, Thursday and Friday the twenty-sixth annual Lucasville County Fair will be in progress and judging from the way the people started pouring into the grounds Tuesday morning when exhibits were entered, the fair is sure to be a big success.

The number of exhibits made in the cattle department the opening day were larger than ever. Machinery hall was filled this morning with something that has not happened for several years. There have always been vacant exhibit places in machinery hall but this year every space is taken.

The refreshment privilege upstairs above machinery hall will be well taken care of by a number of ladies who promise refreshments at all hours.

The fair exhibit is also unusually large this year. Entries were made Saturday and Monday at Martinsburg, store and this morning these displays were put in place.

There will also be a fine exhibit of farm products, canned fruits, jellies, candy, etc.

The members of the Boy's and Girl's Club were hustling Tuesday morning to get their exhibits to the fair grounds and placed so they would make the best showing.

The fair association has set aside \$300 to be paid members of the club in prizes. Another feature for the boys this year will be a stock judging contest.

The races will be fast and exciting for the boys and girls. Races will be held Wednesday, Thursday and Friday. Close to \$2000 will be given in purses the three days.

Among the free attractions will be the fireworks tumbles extraordinary. They will give several programs each day.

Bert Kennedy and his trained pig will furnish amusement a plenty as a free attraction.

The airplane that will carry passengers and give exhibit flights over the fair grounds will arrive this afternoon from Kokomo, Ind. The plane will be there until Friday afternoon the closing day of the fair.

A special train is to be run to the fair grounds Thursday afternoon which will be Portsmouth Day at the big fair. The train will leave the

Gun Toting Charge Sequel Of Fight

James Winn, Corning, Ky., swore to a warrant in Municipal court Monday for the arrest of Oscar Mondak, the foreman at the Priebart garage, on a charge of gun-toting.

Winn claims that as he was leaving the garage Mondak, armed with a gun, followed him into the street and threatened to shoot him.

Mondak has been ordered to appear in court to answer to the charge.

The trial of Winn, who is charged with assault and battery, and Mondak, charged with disorderly conduct, will be heard together by Judge Small.

Gasoline Thieves Busy In Jackson

JACKSON, Aug. 10—Many complaints have been received this week by Chief of Police Jacobs from Jackson people that gasoline has been stolen from their cars. From those received it is clear that there is evident

ly a gang working in Jackson on the gasoline proposition alone.

One of the most serious of these robberies occurred several days ago when it was discovered that some one had tapped the Fire Truck tank and relieved it of its gasoline. In connection with this it was discovered that a brass connecting joint of a 50 foot hose has been cut off, seemingly with a razor blade, leaving the hose, valued at about \$1.50 per foot, useless.

Couple Must Explain Gun Play To Court

FOUR BODIES MISSING

No further accident victims at Coalton, Ky., were found yesterday when wrecking crews cleared the debris of the smashed cars which derailed there Sunday afternoon, according to reports from Ashland last night. The four men reported missing were still unaccounted for, but carnival men think they remained in Olive Hill when the train left that city.

None of the eight men in the King's Daughters' Hospital at Ashland, grew worse, and hospital authorities are strong in the belief that all will recover.

So far no word has been received from the people of H. H. Adams and William Ham, who were killed when the train left the track. Both gave their residences as Lexington, Ky.

Attempts To Grab Woman; Blaine Arrested

Chester A. Blaine, was the name of a soldier taken into custody Monday night and locked up at the city jail, after it is claimed, he grabbed a woman as she was passing an alley on Third street, near Chillicothe, about nine o'clock.

The woman complained to the police and Officer Payne apprehended the soldier on Chillicothe street, a short time later. Blaine was considerably worse off from liquor and he was formally charged with intoxication. The woman, whose name was not learned, may prefer a more serious charge against Blaine.

Yulter Stevens tanked up on booze and going to his home on Third street Monday night raised a disturbance, which resulted in a complaint and his arrest by the police.

To Face Theft Charge

On a warrant issued from Municipal court sworn out by Fred Ferguson and charging grand larceny, John Roman, 23, steel worker, 707 Front street, was arrested Monday night by the police and lodged in the city jail.

The charge was made in connection with the theft of \$120 from Ferguson's shanty boat and following his arrest.

Roman, according to the police, confessed taking the money and let the cash to where he had secured the cash, \$40, at his home, and \$10 in a stable at the rear.

Head Strikes Nail; Skull Injured

Jack Fisher, 8-year-old son of Mr. and Mrs. Joseph Fisher, 1412 Kinney street, suffered a deep gash in his skull, Monday afternoon, when he accidentally ran a nail in his head.

The boy was playing with a number of companions in a big drydock box. He was stooping down to go through the opening of the box, and suddenly jumped to stand upright. His head struck a nail that was extending from the top of the box. A gash an inch long resulted from the contact with the nail.

into politics has created considerable interest in the state.

Two Democratic congressmen are not seeking re-election. They are Warren G. Harding, of Hamilton, and Clement L. Brumbaugh, of Columbus.

Brown Has Two Opponents

Lieutenant Governor Clarence J. Brown has two opponents for nomination on the Republican ticket. They are Carl R. Kimball, speaker of the house of representatives, and John H. Hurst, of Cincinnati. On the Democratic ticket, there are two candidates, former Lieutenant Governor Earl D. Bloom, of Bowling Green, and State Senator Howell Wright, of Cleveland.

Much interest centers in the Republican contest for secretary of state, where Harvey C. Smith, the incumbent, is opposed by Harry Clay Smith, a negro publisher of Cleveland, and former Secretary Charles Q. Hillebrand, of Wilmington. Attempt was made to rule the negro candidate's name from the ballot on the ground that his candidacy was the result of collusion in attempt to defeat the incumbent, but the state supreme court ordered his name to go on the ballot.

About Tax Issue

To the Voters:—I agree with the editor in his editorial in Sunday's Times regarding the Gardner tax issue. Council, by a majority, repealed the ordinance, and Mayor Gableman voted same so as to pass it over on council, which a majority of voters do not understand, as it gives each city the law to make their rate. By voting 'yes,' it means

that your taxes will be increased from \$1.00 to about \$2.50 a \$100.00. Do you want YOUR TAXES INCREASED TO \$2.50? If not, then don't forget to vote NO on this small ticket. The water rent will be increased 25 percent next November, and all this makes higher cost of living.

Nine Points of the Law.
It has been said that success in litigation requires a good deal of patience, a good deal of money, a good lawyer, a good counsel, good witnesses, a good jury, a good judge, and last but not least, good luck. But the saying is really a part of the proverb which says that "law" is also points of the law, and that anybody is welcome to the fact that they can get anything out of it.

Arctic Cold Misunderstood

There is a great deal of misunderstanding relative to the cold of the Arctic regions. The absence or presence of water and altitude are important factors in determining temperature. As the altitude increases going North, the life of the weather is lessened so that there is little or no inconvenience to be experienced from the cold.

Great Man's Queer Fancy.
Daniel Webster had a curious fancy for painting the faces of his cattle. One week the poor beasts would walk around with blue faces, and the next would appear with red ones. The effect was as novel that it pleased him, and from that time forth he changed the color whenever he had a few minutes to spare, and would laugh heartily at the astonishment of his friends when they saw the queer-looking beasts.

Governor Cox "Setting Cap" For Nation's Suffrage Vote

DAYTON, O., Aug. 10—Governor James M. Cox, the Democratic presidential candidate, laid his plans today to win the support of the ten million women expected to vote in the November election.

The special appeal to the mothers, wives and daughters of the nation will be made chiefly on the governor's stand in favor of the League of Nations.

This appeal will be carried into every state by a series of speeches of women speakers of national reputation, whose work will be supplemented by four local women speakers in every precinct in the country.

Wants to Repeat
Governor Cox was told by western representatives on the national committee that the women vote which went to President Wilson in the kept U. S. out of World War in 1918, was the decisive factor in the Democratic victory in the western states, and that similar moves can be achieved this year on the large issue.

Women leaders of the party have also urged the candidate to lay the same stand for ratification of the league.
